EXPERIENCE

Redify Inc, Richmond, VA - *Chief Operations Officer/Full-Stack Developer*

AUG 2021 - PRESENT

Entrepreneurship/Startup. Redify is a new app that allows users to protect themselves and their families by identifying toxic ingredients in everyday products and presenting cleaner alternatives. It also empowers you to advocate for safer products. Just scan a product's barcode and that's it. "Redify it" for a safer, healthier life.

Responsibilities:

- Enable Redify to reach its financial and marketing goals by using an innovative technical approach
- Organize and coordinate Redify's social media presence to drive brand awareness
- Maintain and organize web presence
- Drive a digital marketing strategy to get downloads and brand awareness
